

TrueFitt Back™

Future Mobility Healthcare manufactures and markets products that increase the freedom and safety of mobility challenged individuals. Renown for quality and service we bring innovation to all of our products for the home healthcare market.

The Prism™ TrueFitt Back was designed for users with a variety of positioning needs such as Kyphosis, Lordosis, Scoliosis or protruding gibbous deformities.

The ability to customize the back to each individual's needs, plus the exclusive Prism hardware, allowing for ease of adjustment and installation, contributes to the unique and personal "true fit" in our TrueFitt Back!

MADE IN CANADA

The Prism Hardware offers users a full 5" range of forward and rear adjustability

SPOTLIGHT ON

- 1/2" of comfort foam layered on a 1/2" of support foam covering "ice cube" pattern of standard 2" x 2" foam blocks
- Extra foam covering prevents any exposure of shell to user
- Remove, cut or carve individual blocks or entire panels to customize back to fit users' deformities
- "mix and match" foam cubes by using 2" polyurethane foam and ordering our optional 3" polyurethane or 2" visco foam cubes!
- Back angle adjustability forward 15 degrees, back 20 degrees optimizing users' positioning allowing for visual orientation and balance
- Lightweight, sturdy aluminum shell

WARRANTY

Three (3) years limited on Back and 90 days on cover, 1 year on hardware.
